

International Symposium on Singing and Song II

June 27-29, 2018

St. John's, Newfoundland and Labrador

The Singing Network's International Symposium on Singing and Song II is fast approaching: June 27-29, 2018. 'Come From Away' or from right here at home and join us in the beautiful city of St. John's, Newfoundland and Labrador for what we know will be a rich time of sharing and learning. Areas of focus are diverse and include recent research and practices in singing and song relating to health and well-being, choral and vocal pedagogy, musicology, social and political capital, and holistic lifestyles. Within the generous facilities of the School of Music at Memorial University, we will be treated to both traditional and imaginative presentation formats representing a wide array of topics from international scholars and practitioners. Additionally, graduate students may be interested in Memorial University's Singing-Choral Institute.

Our 2018 Keynote Presenters: **Stephen Clift** (UK), Research Director of the Sidney De Haan Research Centre for Arts and Health; **Aida Swenson** (Indonesia), founder/conductor of the Indonesian Children & Youth Choirs Cordana, and **Wendy Nielsen** (Canada), soprano and voice pedagogue. As well, the Symposium will present an international panel exploring current and future global initiatives related to song.
